Actualities	86
Interview <i>Andrew Nunn, ParexDavco</i>	88
Wholesaler profile <i>Ocean+ Merchant</i>	92
News	96
Advertisers index	106

EDITOR'S COMMENT

Welcome to the 60th issue of *Tile Today*. The magazine has evolved considerably over the past 15 years, in step with significant growth in the Australian and international ceramic tile industries. We urge you to help us assess the current state of the national retail sector by completing the short survey located between pages 18 and 19. Everyone who responds will have the chance to win a \$100 Coles Myer gift voucher.

In this issue, you'll find a wealth of articles on all aspects of the tile industry – from market trends and profiles, technical advice and new products, to previews of upcoming conferences, reviews of impressive tile installations and interviews with key players in Australia. As always, we welcome your feedback and encourage your suggestions for future issues.

If you plan to attend Cersaie in Bologna this September, come and see the *Tile Today* team at Booth 13 in Hall 42. We look forward to speaking with attendees about their impressions of the show, and will provide a full report in the next issue.
